

Flamingo Reading App

Evidence-based tutoring in a virtual setting

The UF Lastinger Center for Learning Flamingo Reading App is the only platform on the market that provides students with explicit and systematic instruction. Rooted in the science of reading, it is an online solution that provides evidence-based reading instruction in a face-to-face or virtual setting, and it accelerates the reading process for developing readers.

WHO

PreK to 12th grade educators including:

- Teachers
- Interventionists
- Tutors

WHAT

The Flamingo Literacy Reading App is an online solution providing evidence-based instruction in a virtual or face-to-face setting. Built upon the Lastinger Center's Small Group Literacy model, the app builds students' decoding skills and elevates reading instruction practice through:

- Access to high-quality literacy resources and over 1,000 digital books in English & 300 books in Spanish
- Phonological Awareness activities
- Customizable exercises for Reading, Word Work, Writing for Reading and Assessments
- Multi-step lesson builder

Achieve optimal results by pairing with Small Group Literacy model:

15%

Phonics score gain in Pinellas County School over a four week summer program
